Subject: STATUS D-875 ELECTROSPRAY METHOD FOR MOVING LIQUIDS
AND DIRECT SPRAYS TO A FOCUS POINT OR SURFACE (BETA)

The noted disclosure was considered at the 10/17/91 R&D/Engineering patent disclosures review meeting, and the recommendation was to incorporate the concepts in the application currently being prepared for moving liquids (BETA II). By copying them on this memo, I am asking the inventor(s) to assemble any data, or other information that will be useful in preparation of the application. Please let me know the number of the application to which this disclosure has been assigned.
