## CONFIDENTIAL: MINNESOTA TOBACCO LITIGATION

John Rupp, Esquire  
Covington & Burling  
888 16th Street, N.W.  
Washington, D.C. 20006

Dear John:

Having heard from you yesterday how busy you are to be this week, I shall make it more hectic by sending over three new booklet manuscripts for legal clearance and a copy of the type for the topic sheet on costs of public smoking restriction enforcement. This last will indicate the changes requested by Chip Neilsen's office.

The three manuscripts are the Wharton South Carolina booklet and two more in our tobacco heritage series, North and South Carolina.

May I hear from you as early as possible next week, counselor, please?

Best,

AHD/pam
