Jack-

We can certainly try. Right now, if I don't have additional items suggested for the agenda, we'll plan on the process items discussions first, and save the individual proposal discussions for later. Since you've given me input on all of those, if we're not quite finished, it seems like you could leave.

Cathy & Gerry:

Would it be possible to begin the SRRC meeting at 8 am with the idea that we would finish by 2 pm so I could take a 2:45 pm flight back to NY Friday?

(This will be the third consecutive week that I will have been in Richmond/Ashland from Tues through Friday). Thanks.
