Subject: slims spa

we are moving forward with a new events program for Slims which will consist of a spa getaway for adult Slims smokers and their adult guest. (It is like the Ranch goes to the Spa). GMR has been awarded the business. There is an all hands meeting scheduled for 4/12 to go through the issue and get working. We will need to generate a draft contract with GMR soon after that meeting. I would love to have a template for it even before. Please call me to discuss when you return Tuesday. I would also like you or your designee to attend on the 12th. They are planning an all day meeting but will circulate an agenda ahead of time so when we can be selective.
