Gentlemen:

Enclosed is a copy of Dr. Salvaggio's research proposal which, as agreed at our last meeting, I asked Dr. Gardner to review. His view is that he might well want the proposal considered under regular CTR grant procedures. He indicated, however, that the proposal almost certainly could not receive SAB consideration until the Fall SAB meeting. I told him that we might well wish to have the research proceed before that time. He indicated that he would have no objection to its first proceeding via other routes of financing and then being considered for regular grant support.

Accordingly, at Don Hoel's request, I am circulating this directly to you so that it may be considered at our next meeting.

Yours sincerely,

Ed.
