Dear Dean Colvard:

Thank you for your letter of February 22.

Mr. Fowler, our Vice President and Chief of Manufacture, and I would be pleased to have you come to our office to discuss the tobacco research program which you have in mind.

It would be more convenient to us if the discussion could take place next month instead of the current month. It so happens that with our Annual Stockholders Meeting scheduled for the early part of April, March is an unusually busy month for me.

Almost any time after April 15 would suit us and if you will be good enough to let me know the day convenient to you we will set up a definite date.

Sincerely,

Paul M. Hahn
President
