Dear John,

I enjoyed my visit to Reidsville and Hopewell. I am sorry it was such a short visit, but I think that most things were discussed during your recent visit to the UK. I know you will be in New York later this week and then on holiday, so I will send you any particular questions with John Mason when he comes over.

Thank you indeed for your hospitality over the weekend at Richmond - it was most enjoyable. Kind regards to Margaret and I look forward to seeing you both in due course.

Kind regards,

Yours sincerely,

W.D.K. Wilson
