Dear Maury:

Many thanks for your extreme promptness in responding to my request of yesterday. I am very grateful to you and to Professor Burks in assisting me in obtaining the accurate Spanish translation of the warning notice required in each cigarette advertisement.

I am taking the liberty of sending to Professor Burks a copy of the several translations which have been proposed by some of the advertising agencies and tobacco company officials. None of them agree and, therefore, I desired to take the matter to a real expert.

Many thanks and I look forward to seeing you at Rotary next week.

Sincerely yours,

Horace R. Kornegay
